

Harbour NZ Corporate Bond Fund

MONTHLY FUND FACT SHEET

Information as at 31 December 2020

Fund Description

The Fund provides access to favourable income yields through a diversified portfolio of primarily investment grade corporate bond fixed interest securities.

Fund Benchmark

S&P/NZX A-Grade Corporate Bond Total Return Index.

Fund Objective

The investment objective of the Fund is to exceed the return of the benchmark portfolio after fees on a rolling 12 month basis.

Fund Update

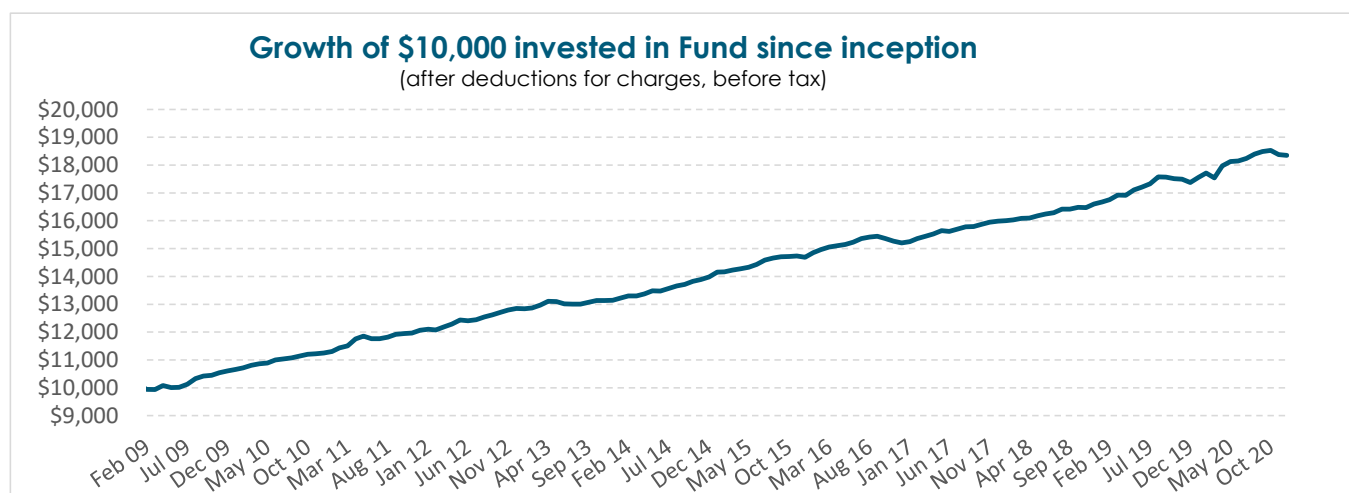

A continuation of the rise in long-term bond yields drove weak performance in fixed interest markets in December. Moderate positioning in the fund meant about half of the losses were avoided that might have been incurred. Over the quarter and through 2020 the Fund has been mostly well positioned for the Covid-induced volatility, beating index gross returns by 0.4% and 0.7% respectively.
