Fund Update

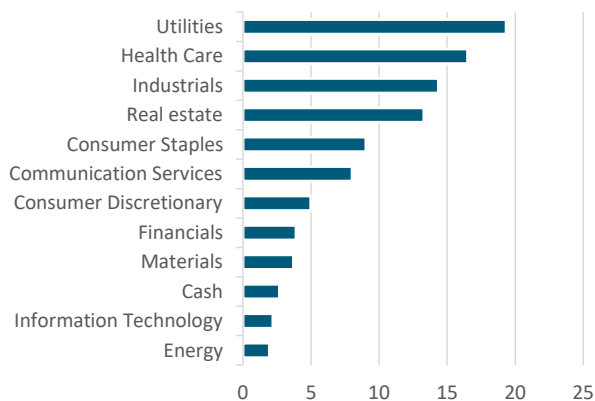

The NZ Equity Advanced Beta portfolio delivered a positive return but underperformed its benchmark. All three factor strategies underperformed the market. Mid-capitalisation stocks displayed stronger performance than their large-cap counterparts. Overweight positions relative to the portfolio's benchmark in outperformers Freightways, Kathmandu and Pushpay enhanced portfolio returns. Underweight positions in outperformers Chorus, Vector and Summerset, as well as overweights in underperformers Sanford and Synlait Milk detracted from returns relative to the portfolio's benchmark.
